A New Perspective in Hearing

How we experience the world depends a lot on our perspective. Sometimes, changing our perspective changes our interpretation of the situation. Other times, changing our perspective makes the impossible seem possible.

The Supremia Super Power BTE (Behind-The-Ear) is Bernafon's strongest hearing aid, offering adults and children with a severe to profound hearing loss a new perspective in hearing.

Supremia is extremely easy to operate. With the integrated volume control and the push button for changing programs, you can adapt to different listening environments without any hassle. Supremia is also exceptionally robust and durable – a reliable partner that meets the highest quality standards.

Strong Features for a Strong Solution

We understand what you expect from a hearing aid. So we have developed a strong feature set with advanced technology that will provide what you are looking for.

Supremia:

- ☑ Makes speech easier to understand in everyday as well as more challenging situations
- ☑ Efficiently reduces unwanted noise giving you the opportunity to focus on the important sounds around you
- ☑ Helps you to effectively localize sound
- ☑ Adjusts automatically as you move in and out of different environments
- ☑ Connects to a range of Bluetooth® devices via Bernafon's SoundGate 3

Supremia gives you and your hearing care professional lots of customization options to create a carefully selected fitting that is just right for you.

Looking forward to a new perspective in life?
