

GETTING STARTED

- Download the Bernafon SoundGate App from the App Store or GooglePlay
- Pair your phone with the SoundGate 3 (see separate pairing instructions)
- The SoundGate 3 must be powered on with the neckloop worn around your neck

APP OVERVIEW

ADDING PROGRAM ICONS

If you have additional listening programs in your hearing aid, then you can assign icons to access these programs.

- Tap on the **Settings** icon
- Select **Hearing Instrument Programmes**

- Select your icon and type in the name of your program
- Select **Save** and **Done**
- To remove an icon, tap the minus sign

MUTING

While streaming, the hearing aid microphones can be muted to suppress surrounding sound/noise.

TROUBLESHOOTING

- Exit the app and force it to stop running. The procedure depends on the model of the phone.
- Press **Reset App** to restore the app to its initial settings

SELECTING STREAMING SOURCE

The carousel will show you all available streaming sources. Tap on the icon from which you want to stream audio.
