

AAA CONVENTION AND YOU – Your Time, Your Way – AudiologyNOW!

Authored by:

Barbara L. Kurman, Au.D.
[e3 Northeastern Technologies Group](#)

When attending the AAA AudiologyNOW! Convention, there is never enough time to do everything. There are more classes to attend than time to get there; more people to catch up with at university-sponsored open houses or hotel lobbies than time to see everyone. And at the exhibit hall - or ANOW EXPO, there are more exhibits or displays than time to see it all. This year's ANOW convention in Indianapolis promises to be a terrific one -- filled with great programming and new and exciting innovations in technology, hearing instruments and diagnostic/clinical equipment.

Of course, one solution is to pre-plan. The EXPO floor plan is available on the AAA website along with your other convention materials. You can preplan your courses, preregister for those courses, or plan for your overall learning experiences. Using the the floor plan of the exhibit floor, you can pre-determine which manufacturers or vendors you might want to go see.

OR, you can maximize your time on the exhibit floor with one easy phone call or email. You can schedule an appointment with your local e3 office. We are the e3 Network and we cover the country. We represent almost all of the main product lines and already KNOW who has special promotional packages for AAA. We already KNOW what is new or recently released and can personally demonstrate the latest equipment along with the features and benefits that you want to know and care about. Where are we? **WE ARE AT BOOTH 1033. We are e3 Diagnostics. The e3 Network consists of the names you already know—local companies specializing in sales and service.**

We represent AUDIOSCAN, ECKEL, ETS-LINDGREN (ACOUSTIC SYSTEMS), FRONT ROW, GSI (GRASON STADLER), FRYE ELECTRONICS, INDUSTRIAL ACOUSTICS (IAC), INTERACOUSTICS, MAICO, MEDRX, MICROAUDIOMETRICS, MICROMEDICAL TECHNOLOGIES, NATUS/BIOLOGIC, OTODYNAMICS, OTOVATION, PEHRATEK, TREMETRICS, VIVOSONIC, WELCH ALLYN. These are the companies that your local office of the e3 Diagnostics Network represents -- usually exclusively. The best products, represented by the best people all over the United States.

To reach your local office before AudiologyNOW!, visit www.e3diagnostics.com; you can also email info@e3diagnostics.com, or call 800-323-4371. Give them your location and your local representative will contact you!

Just call us to arrange your private guided expo experience!!

With one phone call, your AAA ANOW EXPO EXPERIENCE can be personalized, tailored and guided to maximize your time. The information you want, the demonstrations of new equipment that you care about can all be arranged even

AAA CONVENTION AND YOU – Your Time, Your Way – AudiologyNOW!

before you leave for Indianapolis!! That leaves you more time to enjoy, have fun, and learn from the rest of the convention experience. Looking forward to hearing from YOU!!

No time to contact us beforehand? NO problem! **JUST VISIT US AT BOOTH 1033**
