

OTICON | More

Get ready for even more

More sound. More freedom. More life.

life-changing
technology

The Oticon More family is continuing to expand with more choices so more of your patients can benefit from its superior sound quality. Patients who prefer disposable batteries can choose the new Oticon More miniRITE T. Those who want the convenience of overnight charging can select the miniRITE R rechargeable style with the standard desktop charger. New portable SmartCharger also available as an additional accessory.

Both devices contain a telecoil and Bluetooth® Low Energy technology to connect to iPhone®, iPad® and select Android™ devices.* The new MicroShell offers patients an integrated, custom mold option for non-power receivers.

Color options

Earpieces

miniFit earpieces include standard domes, Grip Tips, MicroMold, MicroShell and LiteTip. Custom earpieces are available in acrylic, soft silicone or VarioTherm® material.

*Android devices need to support ASHA to allow direct streaming to Oticon More. Please visit oticon.com/support/compatibility for more information.

Covering a wide range of hearing loss

Improve speech understanding
