Introducing eZync  
Making classroom FM even  
more teacher friendly!

oticon  
PEDIATRICS

**Imagine a day without worrying about FM!**

Teachers shouldn't have to spend time on managing FM channel synchronization – that's what Amigo eZync is for.

This smart, discreet system makes using FM in the classroom easier. Placed on the wall or a shelf, the eZync automatically synchronizes your students' Amigo FM receivers as they enter the classroom.

This helps save you time, so you have more time for teaching.

**MEET Amigo eZync**

*– the automatic channel synchronizer*

EASY TO SET UP

EASY TO USE

EASY TO DEPEND ON

## RIGHT ON YOUR WAVELENGTH

Keeping special-needs students on track demands your full attention. So the simpler your FM equipment is, the easier your job becomes.

With Amigo eZync the moment students using FM enter your class, they will quite literally be right on your wavelength. Once you've set the eZync to the desired channel, all synchronization with any Amigo ear-level receivers happens automatically.

### WITH **Amigo eZync:**

#### TEACHERS can expect

- › More time for teaching
- › Peace of mind
- › More effective communication

#### STUDENTS can look forward to

- › More convenience getting connected
- › Consistent access to information
- › Better performance

#### SCHOOLS can offer

- › Less hassle for teachers
- › A better learning environment for students
- › Reliable equipment

### Amigo T20

Classroom Transmitter

### Amigo T21

Classroom Transmitter  
with Team Teaching

*The T20 and T21 serve as an all-in-one transmitter, programming and fitting unit. You don't need a PC or software because they communicate with Amigo eZync wirelessly.*

### Amigo eZync

*Automatically synchronizes all Amigo ear-level receivers.*

### Amigo R1/Amigo R2

Multi-channel universal receivers fit most BTE hearing instruments and CI processors.

### Amigo R7/Amigo R12

Multi-channel receivers for Oticon Sumo (R7), Epoq, Vigo and Hit (R12) hearing instrument families.

## WORKING WITH AMIGO JUST GOT EVEN EASIER

If you've used Amigo transmitters you will know that they make working with FM much easier in the classroom. But the new Amigo eZync simplifies life even further – because it does all the work for you, automatically.

### WHY Amigo eZync MAKES SENSE

- › Discreet design
- › Easy to place on a wall, shelf or near the room entrance
- › No buttons to fiddle with
- › No maintenance required
- › Set the channel once – and go!
- › Runs on AC power
- › Emergency 48 hour battery backup

child  
friendly  
hearing  
care

It takes a truly dedicated approach to help children with hearing problems achieve their full potential. That's why we deliver the solutions and services professionals and caregivers need to provide children the opportunities they deserve. This is what *child-friendly hearing care* is all about.
