## Manufacturer warranty details

This warranty covers manufacturing and material defects in the device itself, but not in accessories such as alkaline batteries. Problems arising from improper/incorrect handling or care, excessive use, accidents, repairs made by an unauthorized party, exposure to corrosive conditions, damage due to foreign objects entering the device or incorrect adjustments are NOT covered by the international warranty and may void it.

The warranty does not affect any legal rights that you might have under applicable national legislation governing the sale of consumer goods in the country where you have bought your device. Your hearing care specialist may also have issued a warranty that goes beyond the clauses of this warranty.
